Dear Mayor Jerry Iwanus,

My name is Jessica Glimm and I am the Outreach Coordinator for Brigantia Place, Camrose Women's Shelter. I am writing this letter to inform you of the services I will be providing to your community.

The Outreach Program is designed to help families residing in the catchment area that are not shelter residents. I am educating, supporting and consistently moving clients forward towards an independent and violence free life. I will be providing non-judgmental and confidential support to individuals/families that are referred to me or call on their own. I provide in-home (safety permitting) basic counselling, emotional support and encouragement, education around family violence, parenting and life skills. Many of my clients are past residents and transfer over to my program after they have found residence in Camrose, however, this Outreach program is set up to help all community families and individuals who may require support in the area of domestic violence. I will meet with clients in a safe, confidential and secure environment in that person's community or here in Camrose, which ever they prefer. The service I implement is on a contract of three months yet considering extensions to service in special circumstances.

Enclosed is a poster you will be seeing around your community that contains the Outreach Program and Crisis Line Program service numbers. I hope to serve your community effectively and if you have any questions, comments or think someone you know could benefit from talking to me, please feel free to contact me or refer them to my office. Thank you for your continued support, in the prevention of domestic violence in our communities.

Sincerely,

Jessica Glimm
Outreach Coordinator
Office number (780) 679 - 4979
