

It's my pleasure to welcome you to the Village of Bawlf!

I made a decision to move to Bawlf from the city 13 years ago specifically because of a keen appreciation of the rural lifestyle and I can tell you that I've never looked back.

Like many small towns in Alberta, Bawlf is a wonderful place to raise a family. It boasts one of the [top-rated schools in the province](#), an abundance of excellent water, and boundless opportunities to participate in community life. It's far enough away from the hustle and bustle of the cities, yet close enough that all amenities are within easy reach.

Whether you're just driving through or thinking about relocating, take a look and see what Bawlf has to offer. We think you'll agree that it's a great place to be!

Mayor Jerry Iwanus
